Dear M Troop

Just wanted to let you all know how much Jo Mama and I enjoyed our journey south New Years Day. After all we had a lot of help from our great M Trooper's. Our journey started out in Mansfield along the Broadway trail with 23 Mustangs 4 Mules and 4 wagons totaling 45 troopers: it took us up through Lash u way Godley Bona Nemo and into Glen Rose. I would like to thank the Governor of Texas for giving us an escort: he knew that we could have encounter hostels between Godley to Bona. While resting our tired Mustangs and feeding our hungry belly's at the M H Corral we were able to set around and visit with all of our Troopers and have a lot of fun with the Moonlighters express drawings. After feeding and resting our Mustangs we continued on with our journey from Glen Rose Eulogy and into Cleburne where we had a rest stop. Between Eulogy and Cleburne we noticed smoke signals from our Indian scouts telling us the trails were clear. After resting we continued on and ended our journey at an Indian camp named after a great Indian chief "Starbuck".

Congratulations to Trooper Marvin and Trooper Craig for winning the Moonlighter's express moneybags with all of these \$1.00 bills hopefully they have a lot of fun when they visit the Long Branch and spend their winnings on Ms Kitty's pretty hostesses. Heheheheh!! Just kidding I don't think that Trooper Sylvia and Trooper Mary would think that was a good idea. I think they would rather you spend your winnings on new Blong Blong for them or their pretty Mustang. Also congratulations to Trooper Jan and Trooper Vicki for winning Moonlighters express gift cards I know they know what to buy.

Well once again thanks for being the best bunch of Troopers that we have had the pleasure of leading. Can't wait until our next journey I know that it will be a great one.
